ALAOUI ABDELLAH

Software Engineer | Typescript Enthusiast

@ alaouiabdellah711@gmail.com   🌐 alaouidev.com   ⌨ abdellah711   📞 +212 708053509

SUMMARY

Full-stack software engineer experienced in TypeScript, React, and Node.js, with a focus on building scalable user interfaces and reliable backend services, with a strong passion for continuous learning and staying up to date with the latest technologies

EXPERIENCE

Software Engineer

SQLI

📅 03/2023 - Present

- Developed and maintained reusable SDKs using React to streamline front-end development across multiple projects.
- Significantly contributed to the development of a design system components library.
- Investigated and resolved critical cross-team issues spanning frontend and backend boundaries.
- Created robust unit tests using React Testing Library to maintain high code quality.
- Collaborated closely with the team through daily stand-ups and shared technical decision-making.

Full-Stack Developer Intern

Ministry of economy and finance

📅 08/2022 - 10/2022

- Worked on a web application that helped the ministry manage their departments and services.
- Developed the front-end with React.js and Tailwind, and the back-end with ASP.NET
- Implemented authentication, dashboard charts and CRUD operations.

EDUCATION

Software Engineering Degree

The National School of Applied Sciences

📅 09/2018 - 06/2023   📍 Kenitra, Morocco

PROJECTS

NextJS E-commerce web app

Developed a full-stack e-commerce web application using Next.js, Tailwind CSS, and Strapi

Shadcn/ui theme generator

Develooped and deployed a tool using Next.js to generate and visualize themes for the shadcn/ui (a UI library) and export them

ACHIEVEMENTS

🏅 **"Best Overall Project" Winner at the Dev.to + Refine Hackathon**

Won "Best Overall Project" at the Dev.to & Refine hackathon for building a React Native library that integrates with the Refine library, simplifying the creation of CRUD pages

SKILLS

Javascript   Typescript   ReactJS

NextJS   NodeJS   ExpressJS

Git   MongoDB   Postgresql

Jest/Vitest   Redis   Jira

React Native   Drizzle   HTML/CSS
